WHEREAS, Government Code 66000 et seq allows local agencies to collect fees from new development to offset the impacts of that development on local services, the Placer County Board of Supervisors, on August 28, 1990, created the legal framework for fire protection districts to collect fees to mitigate development impacts on services. That legal framework is codified in the Placer County Code Chapter 15.36.010; and

WHEREAS, the legal authority to levy fees stems from the police power of the County and rests with the Board of Supervisors, the fire protection districts in and of themselves

do not have direct legal authority to levy fees. Therefore, in order to collect mitigation fees on new construction, a district must prepare and submit for approval to the Board of Supervisors a Capital Facilities (or Capital Improvement) Plan that delineates a proposed fee schedule; and

WHEREAS, the Board of Directors of the Alpine Springs County Water District held a regular meeting to review its plan on December 13, 2019 and unanimously adopted it by passing Resolution 11-2019; and

WHEREAS, the District plans capital expenditures in Fiscal Year 2019/20 of \$9,000 for Fire Station 53, 222 Fairway Blvd., Tahoe City, California, and mitigation plan update fees.

NOW, THEREFORE, BE IT RESOLVED by the Board of Supervisors of County of Placer approves the Alpine Springs County Water District 2019/20 Capital Facilities and Mitigation Fees Expenditure Plan Annual Update to take effect after March 23, 2020.
